Note: Either the Co-worker or the Tenant can terminate this agreement at any time by informing WAM and the other party in writing.

Co-Worker Terms

3.3 The Tenant may share the cultivation with another party by registering a named Co-worker. There may only be one co-worker to any one plot and the intention is that co-workers share the work - they are not intended to do all the work whilst tenants retire from it. This would be in effect an unofficial change of ownership and WAM reserves the right to consider that situation a de facto relinquishment. Co-workers must sign a Co-worker agreement, countersigned by the Tenant and sent to WAM. Spouses and civil partners do not need to complete the Co-Worker agreement. No Tenant having the

tenancies of more than two plots may have a Co- Worker; numbers of plots should be reduced first, allowing the Tenant to cultivate on his or her own before being allowed assistance.

3.7 Should the Tenant decide to relinquish the plot, consideration will be given to the named Co-worker having first refusal of taking over the Tenancy, but only if they have been a recognised co-worker for 3 years, and providing that no Non Cultivation letters have been issued for that plot during that 3 year period. Current waiting list sizes shall also be considered before any decision regarding the co-worker's future tenancy is made.
